I know, it's a strange thing to say. But it's true. I've never said it to anyone, and I don't plan on ever saying it. It's not that I don't know how to say it. I'm not afraid to say it. I just don't want to.

Why? Because I don't want to be hurt. I don't want to open myself up to the possibility of rejection. I don't want to put myself in a position where I could be heartbroken.

I've seen what love can do to people. I've seen it make people happy. I've seen it make people sad. I've seen it make people do crazy things. And I don't want any part of it.

I'm not saying that love is a bad thing. I'm just saying that it's not for me. I'm happy being on my own. I don't need anyone to make me happy. I don't need anyone to complete me.

I'm not saying that I'll never fall in love. I'm just saying that I'm not going to actively seek it out. If it happens, it happens. But I'm not going to go looking for it.

I'm not the only one who feels this way. There are other people out there who have sworn off love. We're not all afraid of commitment. We're just not interested in it.

And that's okay. It's okay to be different. It's okay to not want the same things that everyone else wants.

So if you're ever feeling like you're the only one who doesn't want to be in a relationship, don't worry. You're not alone.

There are other people out there who feel the same way you do. And that's okay.

I'm not saying that you should never say I love you. I'm just saying that you shouldn't feel pressured to say it. If you're not ready to say it, then don't say it.

There's no shame in waiting until you're ready. And when you are ready, you'll know.

I'll never say I'm sorry

I'm not a perfect person. I make mistakes. But I'm not going to apologize for them. I'm not going to say I'm sorry for being who I am.

I'm not going to apologize for my beliefs. I'm not going to apologize for my actions. I'm not going to apologize for my words.

I'm not saying that I'm never wrong. I'm just saying that I'm not going to apologize for being myself.

If I hurt someone, I'll try to make it up to them. But I'm not going to apologize for who I am.

I'm not the only one who feels this way. There are other people out there who have sworn off apologies. We're not all arrogant. We're just not interested in apologizing for everything.

And that's okay. It's okay to be different. It's okay to not want to apologize for everything.

So if you're ever feeling like you're the only one who doesn't want to apologize, don't worry. You're not alone.

There are other people out there who feel the same way you do. And that's okay.

I'm not saying that you should never apologize. I'm just saying that you shouldn't feel pressured to apologize for everything. If you're not ready to apologize, then don't apologize.

There's no shame in waiting until you're ready. And when you are ready, you'll know.

I'll never say goodbye

I'm not afraid of death. I'm not afraid of dying. But I'm not ready to say goodbye.

I'm not ready to say goodbye to my family. I'm not ready to say goodbye to my friends. I'm not ready to say goodbye to my life.

I know that one day I will have to say goodbye. But I'm not going to think about that day today. I'm going to live my life to the fullest. I'm going to enjoy every moment.

I'm not the only one who feels this way. There are other people out there who have sworn off goodbyes. We're not all in denial. We're just not ready to face the inevitable.

And that's okay. It's okay to be different. It's okay to not want to say goodbye.

So if you're ever feeling like you're the only one who doesn't want to say goodbye, don't worry. You're not alone.

There are other people out there who feel the same way you do. And that's okay.

I'm not saying that you should never say goodbye. I'm just saying that you shouldn't feel pressured to say goodbye. If you're not ready to say goodbye, then don't say goodbye.

There's no shame in waiting until you're ready. And when you are ready, you'll know.

I've shared with you some of the words that I'll never say. I know that they're not the most popular words. But they're the words that I need to say. They're the words that I believe in.

I'm not saying that you have to agree with me. I'm just asking that you respect my opinion. I'm asking that you understand why I say the things that I say.

I'm not trying to change your mind. I'm just trying to share my own perspective.

I hope that you'll take the time to read my words. I hope that you'll understand where I'm coming from.

And I hope that you'll never
