Yo-Yo Ma is a world-renowned cellist who is also a passionate advocate for education. In 2008, he founded the Yo-Yo Ma 21st Century Skills Library, a free online resource that provides educators and students with tools and resources to develop 21st century skills such as creativity, collaboration, and critical thinking.

The library is divided into four main sections:

- **Creativity:** This section includes resources on topics such as brainstorming, problem-solving, and innovative thinking.
- **Collaboration:** This section includes resources on topics such as teamwork, communication, and conflict resolution.
- **Critical Thinking:** This section includes resources on topics such as analysis, synthesis, and evaluation.
- **Digital Literacy:** This section includes resources on topics such as technology use, information evaluation, and online safety.

The library also includes a number of resources for educators, such as lesson plans, professional development materials, and assessment tools. These resources are designed to help educators integrate 21st century skills into their classrooms.

The Importance of 21st Century Skills

In the 21st century, students need more than just basic academic skills to succeed. They also need to be able to think creatively, collaborate with others, and solve problems critically. These skills are essential for success in the workplace, in higher education, and in life in general.

The Yo-Yo Ma 21st Century Skills Library provides educators and students with the tools and resources they need to develop these essential skills. The library is a valuable resource for anyone who wants to prepare students for success in the 21st century.
